

March 17, 2020

Brothers & Sisters,

The COVID-19 virus is changing the dynamic of our everyday life in almost every fashion. Like everyone, we've been consistently watching to see what changes need to be made in order to do our best to keep everyone safe. We have closed the doors to the Hall but will continue to take phone calls and assist members over the phone. Dispatch is expected to continue as normal and as of right now, to the best of our information, the jobs are not set to shut down. All membership meetings have been postponed along with all Executive Board meetings and weekly retiree breakfasts. The JATC has also suspended classes until April 6th and will reassess before then to decide how to proceed. We have also opted to postpone the Charles England Scholarship golf tournament until October 24, 2020. The Pin Ceremony will additionally be postponed for later in the year. We will keep you notified as changes are made and things progress.

Please watch the Local 525 website (www.local525.org) for updated Hall and clinic information along with the CDC website (cdc.gov/coronavirus/2019-ncov/index.html) for information on the virus and how to best protect yourself and your family.

Take care and stay safe.

Fraternally,

Matt Lydon
Business Manager
